HOME LEARNING ENVIRONMENT

Tips and strategies you can use at home with your child!

- Encourage your child to read
- Provide **opportunities for discovery** (cooking together, board games, nature walks, zoo trips)
- Establish a nightly routine for school talk, homework, bed, etc.
- **Limit the amount of time for TV and video games after school - no more than 2 hours/day is recommended for school-age children.**
- Check your child's backpack daily
- Provide a quiet place and resources (books, paper, pencils, crayons) for completing homework. Offer assistance when needed.
